

Mini Environment Cleaning Kit

Essential supplies for cleaning mini environments

Description

The ITW Texwipe Mini Environment Cleaning Kit is designed to facilitate cleaning in isolators, biosafety cabinets, glove boxes and laminar flow hoods — mini environments.

The kit contains one TX7101, AlphaMop™ Isolator Cleaning Tool (ICT), one bag of dry wipers, one bag of pre-wetted wipers and an information packet detailing products for compliance with USP <797>.

Included in the kit is TechNote ICT-1 ("Cleaning of Compounding Aseptic Isolators (CAIs) and Class II Biological Safety Cabinets (BSCs)"), an article describing how to clean the mini environment.

Features

- Starter cleaning kit with necessary supplies and guidelines for cleaning
- Approved and endorsed by leading isolator manufacturers
- Contains essential supplies for cleaning mini environments

Benefits

- Economical and time saving way to clean mini environments
 - Products for cleaning are included
 - Information needed is all in one place
- Provides guidance for cleaning mini environments
 - Helps to establish a protocol for cleaning mini environments
 - Includes USP <797> brochure for help in selecting products for compliance

Applications

- Cleaning, disinfection and spill control in mini environments
- Excellent for isolators and laminar flow hoods
- Can be used in any hard-to-reach area
