Re: REACH Substance of Very High Concern (SVHC) and Authorization Lists Content Statement for Texwipe Products

Dear Valued Customer:

Texwipe products may contain a trace amount of 4-nonylphenol, branched and linear, ethoxylated, a chemical listed on the REACH SVHC (Version 15 January 2019) and the current Authorization List of 43 substances. This amount is below the limit of 0.1 weight percent laid down in the 18 November 2015 document, Generic Exemptions from the Authorization Requirement, 2. Exemptions specific to certain intrinsic properties entry.

Texwipe is committed to producing the highest possible quality products to meet the needs of our customers.

Any feedback and suggestions are encouraged and should be forwarded to your Texwipe representative.

Kind regards,

A handwritten signature in black ink that reads "Jay C. Postlewaite".
